

# 2010 SUPPORTERS

On the pages that follow, we are honored to acknowledge Par Club members and all of our supporters who donated to the Western Golf Association/Evans Scholars Foundation in 2010.

Thank you to our Board of Governors, WGA Directors, Evans Scholars Foundation Trustees, Alumni, sponsors, affiliates and volunteers for their extraordinary efforts on behalf of this organization. Together, we will continue to award the gift of a college scholarship to deserving caddies from modest means.

## PLATINUM, GOLD PAR CLUB MEMBERS

In 2010, the WGA Par Club received contributions from the following donors at the highest giving levels, Platinum and Gold. "We appreciate these select donors' generosity," noted John Kaczowski, WGA President and CEO. "Their gifts represent a major commitment to our continuing mission to change lives through the education of caddies."

In 2011, an initiative is being implemented to encourage Par Club members to upgrade to these higher giving levels and a new \$25,000 level. "With tuition costs increasing at a rate far outpacing inflation, our need for additional revenue grows," Kaczowski said. "If even just a small percentage of our Par Club members can upgrade to these higher giving levels, we can ensure we will be able to fund Evans Scholarships at our current or greater numbers in the future."

## GOLF PROFESSIONAL PAR CLUB MEMBERS

The support of golf professionals is especially gratifying to the Evans Scholars Foundation. The cooperation of professionals, especially the club professionals, is essential to the continued growth of the Evans Scholars Program. They are primarily responsible for the continued use of caddies and have the closest contact with potential Scholars. Their desire to give back to the game by helping send caddies to college is recognized with great appreciation.

# northwestern university

The newly renovated Northwestern Evans Scholarship House was dedicated in October 2010. Futures on Course was the WGA's most successful fund-raising campaign to date.

The Northwestern University Evans Scholars Club was organized in 1933; the first Chapter House opened in 1940.

"Whether it is in academics, career advice, or anything else, the Evans Scholars community is there. From providing me with an incredible college experience to lifelong friendships, there is nothing this community cannot do. It is this community that made the moment I opened my congratulatory letter a life-changing one, as I realized that if I was worth the investment of an Evans Scholarship, my future truly had no limits. Thank you for this opportunity, for believing in me, for investing in me, and making my dreams come true."

*Purdue Evans Scholars participate in the Evans Scholars spring 2010 Blood Drive.*

The Purdue University Chapter, founded in 1967, was the ninth chapter organized by the Evans Scholars Foundation.

**Alumni:** 390  
**Scholars:** 48  
**2011 President:** Drew Gerig  
*C.C. of Indianapolis*  
**Advisor:** Dr. Tom Templin

"Over the years, the Evans Scholarship has given me so much to be thankful for. I have made lifelong friends, learned important values of honor, honesty, and respect, and been given an incredible opportunity to receive an excellent education. These are some of the reasons why I ran for President. I wanted to give back to an organization that has given me so much. Because of that, I thank you all from the bottom of my heart."

**Advisor:**

"It is impossible to adequately put into words how much this Scholarship means to me. Being able to attend one of the best universities in the country would not have been possible otherwise. But what is truly great about this Scholarship is the relationships built within the House. The friendships, memories, lessons taught, and more importantly, those learned are what set this Scholarship above all others."

"This Program is more than just a lifted financial burden. It is more than the philanthropic activities Scholars participate in within their communities. It is more than the opportunities that are made available. This Program is about the spirit that it brings to every young man and woman, which shows Scholars the importance of integrity, courage, and determination in life. Together these characteristics ensure that we all go on to lead successful and fulfilling lives."

# university of missouri

Missouri Evans Scholars at the annual Caddies to College golf event in 2010. The 2011 event is June 20 at Norwood Hills Country Club.

The University of Missouri Chapter, founded in 1968, was the 11th chapter organized by the Evans Scholars Foundation.

- Alumni:** 413
- Scholars:** 41
- 2011 President:** Patrick Miller  
*C.C. of St. Albans*
- Advisor:** John Keely

"As I look back on the past four years as an Evans Scholar, I am extremely grateful for the memories and experiences I have had. This Scholarship started four years ago as an amazing financial gift, but it has grown to be so much more. What is most gratifying about the Scholarship is the numerous leadership experiences that I have been given."

*The Miami Scholars won the 2010 Evans Scholars Winter Outing men's basketball tournament.*

The Miami University Chapter, founded in 1974, was the 13th chapter organized by the Evans Scholars Foundation.

**Alumni:** 384

"Group living has taught me to be more understanding and to truly appreciate others. I have learned how to be a better leader, and I will leave the House as someone who has learned the meaning of 'paying it forward.' Once an Evans Scholar, you are always an Evans Scholar. I will never forget where I came from, how I have developed, and the lessons and values I have learned along the way.

"It's almost unbelievable to me that there are so many young kids whose lives have the potential to be changed this much. That is a testament to the amazing commitment everyone puts into this Program. It is from that commitment that I gain inspiration. I know that if I bring that same attitude of elevating the status quo to my life after college, I will be capable of great things."

# marquette university

Marquette Evans Scholars shave their heads to benefit St. Baldrick's Foundation to fight childhood cancer in 2010.

The Marquette University Chapter, founded in 1955, was the sixth chapter organized by the Evans Scholars Foundation.

*Beverly C.C.*  
**Advisor:** Julie Miller

"Throughout my college experience, I learned to look up and be confident in myself. When I graduate in 2013 with a doctoral degree in physical therapy, I will surely learn to look out rather than in. The ability to look forward and not backward, up and not down, and out rather than in, are all qualities possessed by an Evans Scholar."
